

FOX LINTON

FABRIC ARLINGTON

Colour Shown: Frieze (15 colours available) FL010076001

Our exceptional new 100% kid mohair velvet is as strong as it is beautiful. Woven with mohair carefully obtained from the first shearing, the kid mohair yarns are fine and smooth.

As well as being incredibly durable the mohair yarn is both naturally Fire and soil and stain retardant so stays looking fresh for many years to come. Sitting beautifully on the clean lines of modern upholstery but equally well on our more traditional or antique pieces Arlington is a classic fabric which promotes the best of natural yarns and eco-sustainable production.
