Malmesbury is a smart 100% wool Jacquard woven in a satin weave in a classic Hexagon design. The combination of the yarn, weave and finish create a beautiful sheen and drapability as well as the fabric being very durable (achieving 45,000 rubs) thus making the quality suitable for both drape and upholstery. This understated design will work perfectly in both a contemporary or traditional setting and comes in a focused palette of seven colourways.
