

FOX LINTON

FABRIC INGLETON

Colour Shown: Smoke (8 colours available) FL010051001

Our latest lightweight drape Ingleton is a celebration of nature, natural materials and the wealth of beauty found in the British landscape. With a luxurious 100% wool composition, woven in Scotland, this quality fits in with Fox Linton's commitment to treading softly on the planet, avoiding harsh chemicals and non-biodegradable man-made fibres throughout our collections. The colour palette is a celebration of the complex hues found on British coastlines and in the iconic rolling hills of the English countryside.
