

# FOX LINTON

## FABRIC

### LAMBSWOOL

Colour Shown: Gunmetal (23 colours available) FL010011056 (FL0011/56 )

One of our bestsellers, Lambswool is a satin weave construction in a beautiful lambwools yarn. The satin construction and the premium finish creates a beautiful, timeless drape quality. The fibres are handled with extreme care during finishing; they are first scoured in water and then blown, which avoids using any harsh chemicals. Available in a varied colour palette, Lambswool offers hues that are both classic and understated.
