TINTAGEL

Colour Shown: Wintry Days (3 colours available) FL010059001

Tintagel is a sumptuously soft, long-pile upholstery weight made in a luxurious composition that includes Wool, Alpaca and Silk. Tintagel draws inspiration from the historical Cornish village of the same name, a place that has fired the imaginations of writers and artists alike for its castle (with links to the legend of King Arthur); it's dramatic coastline and beautiful hilly landscape. This fabric would also make for lovely throws.
